

SC4500/4600 MASTERSHADE® RETRACTABLE SCREEN SYSTEM WITH ZIPPER TRACK

14% Open Mesh

FRAME COLORS

Frame colors may vary due to the printing process.

MOTOR OPTIONS

SOMFY MOTORS feature an integrated radio receiver that allows you to operate the screen by remote. Add optional smart controls for controlling the shade with your tablet or smartphone. Or, add the optional "Ondeis" sun sensor will lower the shades automatically when shade is needed. A wind sensor can be added that gives the extra protection from wind by retracting automatically.

- Recscreen 5000P (5.5% open mesh).
- Recscreen 6000P (3% open mesh).
- Nano 95 (5% open mesh).
- Mermet Fiberglass (1 – 10% open mesh).
- Para Tempotest acrylic fabric.
- Ferrari 502 solid vinyl PVC with optional clear film windows.

Do you want to relax and enjoy your outdoor space free from sun glare, moderate inclement weather, and without those pesky bugs? The SC4500/4600 is the perfect rolling retractable screen for protecting you and your family, or your restaurant patrons. It is ideal for protection on porches, Pergolas, verandas, garage doors, and lanais. Simply roll down the screen with the manual crank or motor and the zipper system will do the rest. This specially engineered zipper system holds the fabric within the tracks allowing for opening to be more protected when the fabric is lowered. Sunair® offers only the highest quality mesh, fiberglass, and vinyl PVC fabrics from the best-known brand names in the industry. Choose the fabric that best fits your needs from our variety of available fabrics.
